

Cluster Performance Self-Assessment

Dear Fiji WASH Cluster Member.

Thank you for taking the time to complete this Survey, and contribute to a review of our performance in terms of coordination for the emergency WASH response.

The Survey below will ask you to rate your level of agreement with 12 statements concerning WASH coordination functions. The questionnaire can take as little as 5 minutes, although we would encourage you to provide brief comments explaining your selections.

The information provided will inform a workshop to be held on Tuesday 21 June. Regardless of your ability to participate in the workshop, your contribution through this brief survey will help to direct the future work of our WASH Cluster in Fiji.

THANK YOU

Supporting Service Delivery
